

The top pictures of my hair and face is 6 wks apart. I have had trouble with leg circulation for the last 20 yrs. The picture on the left is before using the BEMER. The middle is after 3 weeks and the one on the right is 6 wks. My wife had me on 5 nutritional supplements and 5 essential oils. After 3 weeks she took me off of 2 supplements and reduced another by half. She took me off of 3 essential oils.

All of this was possible through a 29% increase in blood flow. This allows cells to receive oxygen and nutrients while eliminating waste.

I am looking for distributors to represent the BEMER to beauty parlors, country clubs, etc.
